The player is the main character who wakes up in the hospital after being kidnapped by a strange entity. Indy wakes up in the middle of nowhere with only a pistol in his possession. He soon learns that he was kidnapped by an entity called the Glaive. During his escape from Glaive, Indy hears music and finds out that Glaive was using music to help him escape. Indy escapes and meets Anna, who tells him that he needs to look for The Nostalgicon. With the help of her friend Max, Indy starts looking for The Nostalgicon and Glaive. Indy returns to the alien world and finds Glaive. The two fight, and Indy defeats Glaive, but Glaive reveals himself as a mind-controlled clone named Omega. Indy is taken to the Star Carrier by Omega's men. Indy meets the scientist, Dr. Emmett Brown, who tells him about his theory about the Fable of the Robot. Indy is given a mission, the mission is to save his friends who are on the Star Carrier. Indy jumps on the Star Carrier. In the process, he meets the Mater (Mate), aka

Dr. Emmett Brown, who is able to fix Indy's mechanical body and reunites him with his family. Indy races the Mater to the Nostalgicon. Indy returns to Glaive's home planet. In order to stop Glaive, Indy uses a Memory Laser to break his mind, but Glaive kills his friends in the process. Indy's friends are revived, but they are still not okay. Indy returns to Earth and talks to his friends, only to find that something is wrong. Indy finally finds Glaive in the center of the city. Indy is taken to a time portal and sent to the future. Indy finds Glaive and other Glaive clones, and defeats them. Indy goes back to the future and says goodbye to his friends. INDY VISION DESIGN _____ CONTACT INFO _____ WEB: Twitter:
